The Department of Mechanical and Aerospace Engineering (MAE) at the Missouri University of Science and Technology (Missouri S&T) is offering fellowship opportunities to outstanding PhD applicants. Graduate students in the MAE Department have the opportunity to work on exciting research under the guidance of world-renowned faculty in state-of-the-art facilities.

Eligibility
- Applicants must be accepted into either the regular or direct (i.e., straight from BS) doctoral Mechanical Engineering or Aerospace Engineering program at Missouri S&T.
- Applicants must have a strong GPA and GRE scores, and have a strong desire to conduct research.

Benefits
Successful applicants will receive a one year 50% GRA/GTA appointment ($24,500), full tuition and fees ($11,000), and a Mathews/Kaiser Fellowship ($2500) for a total one year support of over $38,000. By the end of the first year, the student must obtain a research advisor, at which time the student's stipend and tuition will be supported by their advisor. The Mathews/Kaiser Fellowship is renewable annually, subject to satisfactory progress in coursework and research.

Application Process
- Apply to the Missouri S&T Mechanical Engineering doctoral program or the Aerospace Engineering doctoral program at http://futurestudents.mst.edu/
- In addition to the online application, send the following materials to the MAE Associate Chair for Graduate Affairs (Dr. Landers, landersr@mst.edu): transcripts, GRE scores, statement of purpose including a discussion of how a doctoral degree will fit into your future plans, and three recommendation letters.
- Underrepresented students are especially encouraged to apply.

Application Deadline
The application deadline is January 12th, 2018. Decisions will be made by February 28th, 2018.
