MECHANICAL AND AEROSPACE ENGINEERING DEPARTMENT
Assistant/Associate/Full Professor Positions
(Ref # 31104/55726/30743/31060)

The Department of Mechanical and Aerospace Engineering at the Missouri University of Science and Technology (formerly the University of Missouri - Rolla) invites applications for several full-time tenure-track Assistant/Associate/Professor positions in the general areas of:

- Experimental or computational fluid dynamics with specific areas of current interest including gas dynamics, hydrodynamics, flow control, and/or viscoelastic fluids, and applications in energy conversion systems such as internal combustion engines, renewable energy, and/or manufacturing (31104/55726). The level is commensurate with experience and accomplishments.
- Advanced manufacturing, particularly in the areas of nanomanufacturing, biomaterials, cyber-enabled manufacturing, and/or manufacturing as applied to energy systems (assistant professor #30743).
- Sensors and actuators, dynamics and control, network-centric systems or advanced robotics for large-scale complex systems (assistant professor #31060).

Applications are invited from candidates who possess an earned Ph.D. in Mechanical Engineering, Aerospace Engineering or closely related fields. The successful candidates will demonstrate the potential to establish and grow a strong research program and will participate in all aspects of the Department’s mission, which includes research, teaching and service.

The department currently has 33 full-time faculty members, over 800 undergraduate and approximately 200 graduate students. The Department offers the B.S., M.S., and Ph.D. degrees in Mechanical and Aerospace Engineering. The Department seeks to significantly increase the national visibility of its research and graduate program while maintaining its high standards of teaching. A recently completed $29 million renovation project has produced a state-of-the-art Mechanical and Aerospace Engineering complex with 144,000 square feet of teaching and research laboratory space. Details regarding the department can be found at http://mae.mst.edu/. In addition, details of research centers on campus can be found at http://www.mst.edu/research/.

Candidates should include the following with their letter of application: current curriculum vitae, a list of graduate courses taken, statement of research plans including areas in which the candidate has an interest in collaborating with other faculty, statement of teaching philosophy, and names and contact information for at least three references. For best consideration, candidates are encouraged to apply now and certainly before January 2, 2013, as applications will be reviewed immediately upon receipt. All application materials must be electronically submitted to the Missouri University of Science and Technology's Human Resource Office at http://hraadi.mst.edu/hr/employment/. All submitted application materials must have the position reference number in order to be processed. Acceptable electronic formats that can be used for email attachments include PDF and Word; hardcopy application materials will not be accepted.

The final candidates are required to provide an official transcript showing completion of the terminal degree listed in the application materials submitted. Copies of transcript(s) must be provided prior to the start of employment. In addition, the final candidates may be required to verify other credentials listed in application materials. Failure to provide the official transcript(s) or other required verification may result in the withdrawal of the job offer.

*Missouri S&T is an AA/EO Employer and does not discriminate based on race, color, religion, sex, sexual orientation, national origin, age, disability, or status as Vietnam-era veteran. Females, minorities, and persons with disabilities are encouraged to apply.* Missouri University of Science and Technology participates in E-Verify. For more information on E-Verify, please contact DHS at: 1-800-464-3218.

NOTE: All application materials must have appropriate position reference number in order to be processed.
