

Lecturer in Mechanical Engineering at the Extended Campus Program in Paducah, KY

The Department of Mechanical Engineering at the University of Kentucky invites applications for the position of Lecturer in Mechanical Engineering. The position is with the University of Kentucky's mechanical engineering program at the extended campus in Paducah, KY. The College of Engineering administers ABET-accredited bachelor's degree programs in mechanical engineering and chemical engineering at Paducah, with a total of eight full-time faculty. This is a non tenure-track faculty position, with duties oriented primarily towards undergraduate instruction in mechanical engineering. The initial appointment will be for two years and is renewable. The anticipated start date is Fall 2017.

Applicants must hold a Ph.D. degree in Mechanical Engineering (or closely related field). Priority will be given to individuals with significant prior industrial experience and those who hold professional licensure. The successful candidate will be primarily responsible for teaching core courses in the mechanical engineering curriculum. Applicants should have strong written and oral communication skills and a commitment to excellence in undergraduate education.

Review of applications will begin immediately and will continue until the position is filled. Candidates should apply for the position (posting 124432) on-line at <https://ukjobs.uky.edu/postings/124432>; the priority deadline for acceptance of applications is **November 30, 2016**. Submit PDF files consisting of a letter of interest, complete curriculum vitae, a detailed statement of teaching philosophy, and the names and contact information for at least three references.

For more information, contact Prof. Charles Lu, ycharles.lu@uky.edu. Information on the Paducah Programs can be found at: <http://www.engr.uky.edu/paducah>

The University of Kentucky is an Equal Opportunity University. We encourage applications from all interested and qualified individuals.
